

# Society of Interventional Radiology *Expands Globally!*

## *New International Program*

### **International Affiliates**

The Society of Interventional Radiology's new International Affiliate Program provides online access to the *Journal of Vascular and Interventional Radiology (JVIR)*.

*JVIR* online provides access to research, case studies, and specialty advancements, with access to full-text, searchable archived abstracts and articles. The introductory rate for this program is \$130 USD. To sample a free online issue, visit [www.JVIR.org](http://www.JVIR.org).

Only SIR nonmembers who reside or practice outside of the United States, Canada, and Mexico are eligible to apply for this pilot program.

For *JVIR* printed copies—and many other benefits—consider becoming a Corresponding Member.

### **Corresponding Members**

In addition to *JVIR* online, Corresponding Members receive:

- **A Discount on the Society's Annual Scientific Meeting:** Experience five days of hands-on training, plenary and scientific sessions, categorical courses, symposia, and workshops.
- **Education:** Stay on top of the hottest topics in your specialty via Webinars, Case of the Month Club, and access to Case Club™.
- **Members-only Web site:** Access a wealth of clinical and practice building materials; you will be listed in the SIR Membership Directory and can customize your record as well as access other members' contact information. Also join the International Discussion Forum to exchange ideas and information with others.
- **JVIR:** Get 12 printed issues of the leading interventional radiology journal, which has a wide-reaching international audience.
- **Bi-monthly issues of IR News:** Includes up-to-date and archived columns on practice development, technology, research, and major IR issues.
- **ENews and STAT:** Receive monthly e-mails with timely Society news, new product and meeting announcements, regulatory updates, and breaking news.
- **Practice development:** Use SIR resources to expand and strengthen your practice, educate patients, and reach referring physicians.
- **Networking:** Participate in career development and networking opportunities in one of the largest-growing medical fields.
- **Discounts on SIR products:** Find patient information brochures, training and education materials, Job Board, referral products, and more than 70 book titles.

**FOR MORE INFORMATION** about our international programs and how to apply using our new easy-to-use online application, go to [www.SIRweb.org](http://www.SIRweb.org) (click on International)
