

# Program Agenda Draft

MAIN SESSION TRACK			TRAINEE SESSION TRACK: A Primer on Pelvic and Lower Extremity Venous Disease	
Time	Title	Speaker	Title	Speaker
<b>Session 1 Superficial Venous Disease</b>				
9:00-9:10 a.m.	How to Run, Manage and Maintain a Superficial Vein Practice	<b>Moderator: Mona Gupta, MD, FSIR</b> Chris Pittman, MD, FAVLS, FACK	<b>Superficial Venous Disease</b> Physical examination and Ultrasound Evaluation of Superficial Venous Disease	<b>Moderator: Raj Pyne, MD, FSIR</b> Luke Wilkins, MD, FSIR
9:10-9:20 a.m.	Thermal and non-thermal truncal ablation: Applications and shortcomings	Mona Gupta, MD, FSIR	How I do it: A case of thermal and a case of non-thermal	Raj Pyne, MD, FSIR
9:20-9:30 a.m.	Combined superficial and deep venous disease; how do you approach it?	Erin Murphy, MD	Ambulatory phlebectomy and sclerotherapy; When and Where	Bill Majdalany, MD, FSIR
9:30-9:40 a.m.	Management of non-saphenous varicosities; optimizing outcomes with ambulatory phlebectomy and sclerotherapy	Rob Kirsch, MD	The swollen leg: Venous, lymphatic, Both, or Something Else?	Andrea Obi, MD
9:40-9:50 a.m.	Future technology for superficial vein treatment	Steve Elias, MD	Venous ulcer management	Teresa Carmen, MD
9:50-10:00 a.m.	Q&A		Q&A	
<b>10:00-10:30 a.m. Break, Visit Exhibits, Attend Corporate Symposium (Suggested Topic: Superficial Venous Disease)</b>				
<b>Session 2 Pelvic Venous Disease</b>				
10:30-10:40 a.m.	How to identify patients with venous origin chronic pelvic pain; What are our current thoughts on disease definition	<b>Moderator: Ron Winokur, MD, FSIR</b> Kathy Gibson, MD	<b>Deep Venous Disease</b> Antithrombotic therapy in VTE	<b>Moderator Osman Ahmed, MD</b> Aditya Sharma, MD
10:40-10:50 a.m.	Utilizing the SVP Classification	Mark Meissner, MD	Should I treat this DVT and how? Review of indications and devices	Jessica Andreoli, MD
10:50-11:00 a.m.	Assessing QOL in PeVD patients; How can we do better than VAS pain scores	Neil Khilani, MD, FSIR	Understanding the role of endovascular treatment in PTS and iliac vein obstruction	Minhaj Khaja, MD, MBA, FSIR
11:00-11:10 a.m.	Embolize or Stent: What to Do, and When?	Gloria Salazar, MD, FSIR	Tools and Techniques for crossing chronic venous obstructions/occlusions;	Bill Sherk, MD
11:10-11:20 a.m.	Recorded Case	Ron Winokur, MD, FSIR	Case Presentation Chronic Venous Obstruction and Reconstruction	Anuj Malhotra, MD
11:20-11:30 a.m.	Q&A		Q&A	
<b>Session 3 Acute Venous Thrombosis</b>				
11:30-11:40 a.m.	What the interventionalist needs to know about anticoagulation	<b>Moderator: Gerry O'Sullivan, MD, FSIR</b> Karlyn Martin, MD	<b>Pelvic Venous Disease</b> Understanding the presentation and classification of PeVD (ie SVP classification)	<b>Moderator: Theresa Carid, MD, FSIR</b> Amy Taylor, MD
11:40-11:50 a.m.	Outcomes from the subanalyses: What else have we learned from ATTRACT?	Minhaj Khaja, MD, MBA, FSIR	OVE, Iliac Vein Stent or Both	PJ Rochon, MD, FSIR
11:50-12:00 p.m.	The interventionalists' toolbox: A review of thrombectomy devices	Pallav Kolli, MD	Case Presentation, Angiographic appearance/endpoints	Theresa Caridi, MD, FSIR
12:00-12:10 p.m.	Complications and failure in acute venous thrombectomy, and how to manage them	Stephen Black, MD	Another insurance denial! How to advocate for your patient	Matt Hawkins, MD
12:10-12:20 p.m.	Q&A		Q&A	
<b>12:30-1:00 p.m. Break, Visit Exhibits, Attend Corporate Symposium (Suggested Topic: Thrombectomy)</b>				
<b>Session 4 Chronic venous obstructive disease</b>				
1:00-1:10 p.m.	Examination and classification of patients with chronic venous disease	<b>Moderator: Suresh Vedantham, MD, FSIR</b> Suman Wasan, MD		
1:10-1:20 p.m.	The equipoise of endovascular PTS treatment: Data limitations, ongoing trial efforts	Suresh Vedantham, MD, FSIR		
1:20-1:30 p.m.	Tools and techniques to cross chronic venous occlusions	Deepak Sudheendra, MD, RPVI, FSIR		
1:30-1:40 p.m.	Best practices in ulcer management	Bill Marston, MD		
1:40-1:50 p.m.	Recorded chronic venous occlusion case	Kush Desai, MD, FSIR		
1:50-2:00 p.m.	Q&A			
<b>Session 5 The Swollen leg</b>				
2:00-2:10 p.m.	Approaching the swollen leg: Venous, lymphatic, Both, or Something Else?	<b>Moderator: Fedor Lurie, MD, PhD</b> Steven Dean, DO		
2:10-2:20 p.m.	Treatment of non-thrombotic iliac vein lesions: Where is the Evidence?	Kush Desai, MD, FSIR		
2:20-2:30 p.m.	Phlebolympheidema: What is it, and how should I manage?	Antonios Gasparis, MD, FACS		
2:30-2:40 p.m.	Q&A			
<b>2:40-3:10 p.m. Break, Visit Exhibits, Attend Corporate Symposium (Suggested Topic: Lymphedema)</b>				
<b>Session 6 Pulmonary embolism</b>				
3:10-3:20 p.m.	When should I intervene on a PE? Current data and knowledge gaps	<b>Moderator: Robert Lookstein, MD, FSIR</b> Akhilesh Sista, MD, FSIR		
3:20-3:30 p.m.	Interventional PE Management Debate: CDT vs Mechanical	Carin Gonsalves, MD, FSIR vs. Keith Sterling (20 min)		
3:30-3:40 p.m.	Chronic pulmonary arterial disease: When to suspect, options for treatment	John Moriarty, MD, FSIR		
3:40-3:50 p.m.	A real-life PERT: Multi-disciplinary case review panel	Mike Cuttica, MD (20 min)		
3:50-4:00 p.m.	Q&A			
<b>4:00-4:10 p.m. Break, Visit Exhibits, Attend Corporate Symposium (Suggested Topic: Chronic Venous Disease)</b>				
<b>Session 7 IVC Filters</b>				
4:30-4:40 p.m.	Does this patient need a Filter? Panel Discussion	<b>Moderator: Bob Ryu, MD, FSIR</b> Jen Montgomery, MD, PhD		
4:40-4:50 p.m.	Retrieval Techniques Deconstructed	Will Kuo, MD and Bill Stavropoulos, MD, FSIR (20 min)		
4:50-5:00 p.m.	Cases: Take it out, or Leave it in?	Bob Ryu, MD, FSIR		
5:00 p.m.	Q&A
