SIR's new learning management system launches soon. Complete pending CME activities by Nov. 16!

SIR is launching a new learning management system (LMS) in December to better serve you. The migration of your credits will take place at the end of November, but we need your help to ensure a smooth transition.

Please use your SIR credentials and log into [your learning center account](#) to complete any pending activities that have a status of "incomplete" by **Nov. 16, 2018**.

Missing this deadline means you will be required to start those activities over in the new LMS.

Activity	Status	Expiration Date
September 2018 JVIR CME	Incomplete	9/30/2021
August 2018 JVIR CME	Not Started	8/30/2021

"Not started" activities do not need to be completed and will be automatically available to you in the new LMS.

Remember: If you start it, you must finish it by Nov. 16, 2018, to receive your credits!

Due to the complexity of the following activities, users who have access to these programs will receive a separate instructional email:

- Digital Video Library (DVL)
- SIR Syllabus Series: Patient Care in Vascular and Interventional Radiology (3rd ed.) CME Test

If you have questions about the transition, please contact [Elizabeth Nicholson](#), SIR manager of educational offerings.
