Membership Committee

The Membership Committee is working on identifying and promoting the value of an SIR membership as an IR NP or PA. Our goal is to recruit and retain members by showing the many ways an SIR membership can accelerate your professional IR goals while fostering a sense of community and professional development. We’re also collaborating with the other NP/PA committees to help spread clinical and professional information via our dedicated social media platforms (SIR Connect and X).

Current membership projects include:
• Reviewing cost of membership and annual meeting for NP/PA members
• Developing a members survey related to scope of practice and salary/benefits
• Advancing our social media presence and stimulating professional conversations via our section’s X account (@SIRNP_PASection) and SIR Connect groups
• Reaching out to other NP and PA professional organizations to advocate for our specialty and SIR as a whole

Associate Nonphysician Member

As a member of SIR, you have access to some excellent resources:

• SIR Learning Center
• Clinical Practice Resources
• SIR Connect (*highlighted on page3)
• The Interventional Radiology Coding Update
• JVIR print and digital
• IR Quarterly access
• Newsletters
Meetings, CME, education and membership benefits

Claim your live CME credit

Don’t forget!
Access the Learning Center at learn.sirweb.org to claim your live CME credits.

New member? Missed the 2024 conference? Need CME? You can still obtain the meeting on-demand which offers up to 180 credits!

50th Annual Scientific Meeting!
Music City Center
Nashville, Tenn.
