SIR at RBMA Paradigm 2022

Educational sessions-

1. Preconference workshop: Data-Driven Results in the IR Practice through SIR's VIRTEX Registry (April 24)
 - Gain in-depth knowledge about the SIR's new IR quality registry at RBMA Paradigm, from April 24-April 27, Colorado Springs.
 - Interact with speakers, Stephanie L. Dybul, MBA, RT, FSIR, and Katharine L. Krol, MD, FSIR, FACR, RCCIR, in a live Q&A session and a demo on the VIRTEX registry.
 - Participants will have the opportunity to review all the SIR standardized reports, see how they are customizable for your practice, and demonstrate what data elements will be capture.
2. Game Changer Session - IR Payor Policies and Denial Management (April 25).

RBMA Exhibit

- Visit us at booth 105 at the RBMA Paradigm exhibition, we will be giving demos and showcasing the VIRTEX, IR Business Center, and Coding products(April 24 – April 27).

Annual meeting sessions

- SIR Business Institute: An educational approach towards the business acumen of setting up an IR practice. This symposium will allow the implementation of a process-based approach for early carrier IRs and IR private practice owners to set up/expand their practices. [Register now.](#)
- Practice Development Session - Roadmap to a New IR Practice, Monday, June 13, 2022, from 1:00 pm-2:30 pm.
- Jun 11-16, 2022: [Meet the beacons of IR in Boston. Join us for SIR 2022](#)

Practice Development Committee (PDC) webinar

- PDC workgroup hosted a successful webinar series on March 24th, 2022, to discuss how to compete in the real world by establishing and maintaining a sustainable patient centered clinical practice.
- The webinar's learning objective was to :
 - Adapt a practice model with a more patient-centric focus.
 - Recognize the diseases and procedures that require ongoing follow up and patient relationship building.
 - Create educational/outreach campaigns that will engage both patients and referring providers.
- This quarterly webinar featured:

Romi Chopra, MD, an IR with Midwest Institute for Minimally Invasive Therapies Des Plaines, Illinois;

Dianne Keen, FRBMA, Director, Practice Development and Strategic Initiatives @ RadPartners

Keith M. Sterling, MD, FSIR an IR with Association of Alexandria Radiologists in Virginia

Michael Neuwirth, MD, an IR, Progressive Physicians Associates, St. Luke's University Health Network Bethlehem, PA
